Re: ***Notice of Discontinuance of Common Carrier Broadband Internet Access Transmission Service Under Tariff***

***GN Docket 14-28; CC Docket No. 02-33; WC Docket No. 10-90***

Dear Ms. Monteith:

Pursuant to the 2006 *Wireline Broadband Classification Order*<sup>1</sup> and the *Open Internet Order*<sup>2</sup>, Yukon Telephone Company Inc., (“Yukon”), Study area code 613025, is hereby providing the FCC with the attached notice of the Company’s intention to cease offering its DSL and Consumer Broadband-Only Loop (“CBOL”) broadband Internet transmission services as separate components of its broadband Internet access service effective July 2, 2019. As such, broadband internet transmission will only be furnished as part of a complete broadband Internet access service that the Company offers to end user customers within its Alaska serving area. The Company makes this election on more than sixty (60) days’ notice.

Yukon currently provides DSL and CBOL broadband Internet transmission service as tariffed offerings pursuant to National Exchange Carrier Association, Inc. Tariff FCC #5. The only customer for the Company’s broadband Internet transmission services is the Company’s affiliate nonregulated ISP. Notice to the affiliate ISP was provided by this date by interoffice memorandum that the Company will discontinue the offering of broadband Internet transmission services as separate components of its broadband Internet access service effective July 2, 2019. A sample notification letter to the affiliate ISP is attached as Exhibit A.

Report and Order, Order and Order on Reconsideration and Further Notice of Proposed Rulemaking, 31 FCC Rcd 3087, 3159, ¶ 193 (2016) (*Rate-of-Return Reform Order*).

<sup>2</sup> *Protecting and Promoting the Open Internet*, GN Docket No. 14-28, Report and Order on Remand, Declaratory Ruling and Order, 30 FCC Rcd 5601, ¶ 460 and n. 1378 (2015).

A copy of this notice is also being sent to the Regulatory Commission of Alaska, the Governor of Alaska, the Special Assistant for Telecommunications at the Department of Defense, and the National Exchange Carrier Association.

Please contact the undersigned if you have any questions.

Respectfully submitted,

---

Re: Notice of Detariffing of Broadband Internet Access Transmission and Consumer Broadband-Only Loop Service

This is to notify you of a change in the way in which Yukon Telephone Company, Inc. provides broadband Internet access transmission and CBOL service, which is used as an input for the broadband Internet access services that you offer to residential and business end-user customers.

Presently, Yukon Telephone Company, Inc. provides broadband Internet access transmission service under tariff through the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 5 ("NECA"). Effective July 2, 2019, Yukon Telephone Company, Inc. will no longer offer its broadband Internet access transmission service under the NECA tariff, and will no longer offer wholesale broadband Internet access transmission as a separate standalone component of broadband Internet access service. On and after July 2, 2019, broadband Internet transmission service will only be available to end user customers in conjunction with the Company's retail broadband Internet access service offering.

Sincerely,
